## DISCOVERY TIME

Follow the recipe and make play dough. Keep it in an airtight container and it will last for weeks.

1 cup plain flour  
1 tbsp. oil  
1 cup water  
½ cup salt  
2 tbsp. cream of tartar  
Food colouring

1. Pour all dry ingredients, flour, salt and cream of tartar together into a microwave heat proof container, casserole dish or bowl.
2. Add water and oil to dry ingredients. Add food colouring until desired colour is achieved.
3. Mix together using a whisk to remove lumps and blend the ingredients well.
4. Cover and place in the microwave for 2 minutes on high.
5. Remove from microwave and stir with a wooden spoon.
6. Place in the microwave for 1 min, remove and stir to combine. Cook for a further minute if the play dough is still runny.
7. Then turn out onto a clean surface and knead into a smooth ball. Be careful the play dough will be very hot! Use a little bit of flour if the play dough is sticky.
8. Allow the play dough to cool before playing with it.
