

Class 3 Home Learning

Maths

Use the home learning books provided by the school.

Remember, you can log onto your Times Tales Rock Stars account to practice your times tables. Any problems with logging in, please let Miss Elliff know.

Extension:

Can you help the pirates find the treasure?

Use the map and the coordinates provided to find the treasure! See find the treasure worksheet.

Take a look at these videos to help explain coordinates:

<https://www.youtube.com/watch?v=h26o9GKusK4>

English

Use the home learning books provided for spelling, punctuation and grammar.

Extension:

- Read the story Gorilla on the PowerPoint provided. Write some sentences using expanded noun phrases and prepositional phrases to describe the Gorilla after she throws it in her room.
- Write a diary entry from Hannah's point of view when she sees the gorilla is alive! How does she feel?

Science

This term we will be learning about rocks and minerals.

There are three types of rocks. Igneous, sedimentary and metamorphic and anthropic rocks (man made). Research these rocks or watch these videos that explain the difference. Write what you have learnt and the different types.

<https://www.youtube.com/watch?v=CeuYx-AbZdo>

<https://www.bbc.co.uk/bitesize/topics/zity4wx/articles/zmx48xs>

Rocks come in all different shapes, sizes and types. Go on a rock hunt where you live or a surrounding area. What types of rocks can you find? Using the template provided, draw a picture of some different types of rocks you have found, how would you describe it? A worksheet is provided that includes a word bank of phrases for rocks. Maybe they fit yours or you can come up with some other describing words for your rocks. See rock hunt worksheet.

Extension:

If you would like to try some of your own physics science experiments, look at this site.
