## Foundation Tasks 1.6.2020

### Computing

If you fancy a computing challenge, why don't you try this...

Code Playground Live: Barclays Football Special with Ian Wright

<https://youtu.be/xd-xBgT-k1c>

Or this one...

Code Playground Live: Caterpillar Conga

[https://youtu.be/llmXczG\\_c4g](https://youtu.be/llmXczG_c4g)

(parents, this looks like the snake game on Nokia phones!)

Send me a picture of any finished programmes.

### Art / Geography

Go out into your local environment and pick a tree that you'd like to draw. Your challenge is to draw this tree using only natural things around you (e.g. flowers, mud, grass, leaves etc.). Or you could collect natural things on your walk and make a tree picture out of these things. Send me a photo of your final artistic masterpieces.

### Topic

Find out as much as you can about rationing and present this any way that you like. What did it mean? How was it carried out? What kind of things do you think would be rationed today? Why?

Have a look at the picture below to get some ideas.

What is your weekly meal plan? Write a diary of food that you eat each day.
