

This week, I have chosen a new book to look at. The title of this is:

'Bringing the Rain to Kapiti Plain'

This can be watched on you tube: https://www.youtube.com/watch?v=tazTYX_OrYA

With a grown up or brother or sister, can you talk about:

1. Which animals are in the story?
2. Where do you think the story might be set?
3. What did the animal characters want to happen?
4. How did Ki-pat make the rain come?
5. How do you think they all felt at the end of the story?

Can you draw a picture of things you like to do in the rain? You might like jumping in puddles? Can you write some sentences to tell me what you like to do?
