

## Home Learning websites for Key Stage One

Here are a few links to websites that will be helpful for your child:

<https://uk.ixl.com/math/year-2> Use this site for different maths activities. Try subtracting with or without pictures, addition to 10, 20 or 100, money (recognising coins), 2D/3D shapes.

How many 2D and 3D shapes can you name? Go round your house/garden and make a list of all the circles, squares, rectangles and triangle shapes you can see. Can you find any other 2D shapes? Then go round looking for 3D shapes (cubes, cuboids, cylinders and spheres). Can you find any others? Link to website for practising: <https://www.topmarks.co.uk/maths-games/7-11-years/shape-position-andmovement>

<https://www.bbc.co.uk/bitesize/subjects> This site has a link to a variety of subjects. Try the Geography link to look at places in the world. Your child can find out about the UK and recognise daily weather patterns in the UK. This website provides videos and links to maps they can explore. Challenge: Can you make a daily weather chart to show what the Summer weather is like in Durham?

<https://www.digipuzzle.net/education/fairytales/> This has an app that can be used on a tablet. There are jigsaws of traditional tales, crosswords, word searches, hangman games and lots more.

<https://www.bbc.co.uk/bitesize/subjects/z6svr82> This site has lots of interactive science videos and games.

<https://www.growingajeweledrose.com/2013/03/outdoor-nature-gardeningactivities.html>  
These have great ideas for learning outdoors.

Have Fun!
