

## Reopening Risk Assessment

<b>Location / Site</b>	Insert location and site where activity taking place
Ferryhill Station Primary School	
<b>Activity / Procedure</b>	Insert name/type of activity or procedure being assessed
Whole school reopening from March 2021 during Coronavirus pandemic.	
<b>Assessment date</b>	Insert date when assessment is being carried out
5/7/2020 – to be updated regularly up to and including September 2020 and then throughout the year	

<b>Identify people at risk</b>	<b>YES or NO</b>
<b>Employees</b>	<b>YES</b>
<b>Children</b>	<b>YES</b>
<b>Visitors</b>	<b>YES</b>
<b>Contractors</b>	<b>YES</b>

<b>Identify hazard</b>		Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards	
<b>Lack of consideration of preventative measures in the classroom and around school</b> resulting in direct transmission of the virus			
<b>Existing level of risk</b>		Consider current level of risk	
<b>HIGH</b>	<b>MEDIUM</b>	<b>LOW</b>	<b>NEGLIGIBLE</b>
<b>Control measures</b>		List your control measures required to reduce risk – add appropriate detail about the type and location of controls	
<ol style="list-style-type: none"> <li>1. Organise KS2 children in class-sized bubbles ensuring that there are no more than 30 children in any bubble. Maintain integrity at all times throughout the day, where possible. Classes 1 and 2 to largely remain within class bubbles but mixing for streamed group work is allowed. This is possible due to the low numbers in both of these classes.</li> <li>2. From Years 1 to 6, arrange desks to be forward facing. Children can sit side by side but not facing one another. Remove excess furniture to increase space if necessary.</li> <li>3. In Years 2 to 6, as far as possible, children keep to their desks when in the room</li> <li>4. In Y1, Reception and Nursery, marks on floor to show how many children should be in areas and where they should sit or stand.</li> <li>5. Continue to reinforce Golden Rules to Keep us Safe</li> <li>6. Re-visit and model Golden Rules many times a day and linked to school behaviour system – lots of praise for adherence and sanctions for non-compliance</li> <li>7. Children isolated if cannot adhere to charter and spoken to re the need for social distancing. Miss breaks and fun activities. Speak to parents.</li> <li>8. Lessons planned mainly for individual work. Where paired or group work is planned, hygiene measures are considered such as careful hand washing and cleaning of shared equipment as children within the same bubble can now share equipment.</li> <li>9. Feedback – using Air Serve to mirror work with iPad onto IWB and guided self-assessment not close interaction. Teachers can mark books but with strict handwashing before and after marking.</li> <li>10. Mark out an area for the teacher – 2m distancing at front of room. Teacher can come out of this area but children must not go into it.</li> <li>11. Children to use same desk at all times. Desks cleaned often throughout the day. Children have access to hand safe anti-viral wipes to clean equipment / desks when necessary.</li> <li>12. Staff assigned to bubbles stay with these children throughout the day (and on subsequent days). PPA cover in classes to remain distant from the children at all times.</li> <li>13. Windows and doors to be open so that ventilation is good and there is a through flow of air. High level windows should be opened in cooler weather. During breaks, air to be purged by opening windows wider. Direct draughts considered when arranging seating plan. Heating used to maintain a comfortable heat, however, suitable clothing may be needed.</li> <li>14. Outdoor areas assigned for outdoor learning to bubble groups.</li> <li>15. Pick up and drop off times staggered. Parents guided to stick to social distancing ground markings.</li> <li>16. Children or adults displaying symptoms to be isolated until an adult can come for them. If they will tolerate it, they can wear a mask. First Aider to don full PPE – visor / goggles, gloves, mask, apron. Children's temperatures to be taken if they feel unwell using non-contact infrared thermometer. If 37.8+ they will be sent home and</li> </ol>			

isolated for 7 days. Symptoms procedure protocol to be produced in line with government guidance. Display in all classrooms.

17. Coats distanced on pegs. Packed lunches under desks. No other bags brought into school.
18. From Years 2 to 6, each child has their own equipment and it is kept in a tray under desks. Children and teachers to wash hands before touching exercise books so that teachers can safely mark them. Children to keep all exercise books in their trays under their desks. Anti-viral wipes to clean equipment.
19. 'Sniffle Stations' in classroom to 'catch it, kill it, bin it'. Include hankies, sanitiser and a swing bin.
20. Children do not always have to maintain social distancing, however, must be encouraged to do so where possible.
21. Visitors to be given social distancing and hygiene handout on arrival. Visitors sheet to include phone numbers for Test and Trace purposes and a declaration re covid symptoms. Signing in pen to be cleaned after every use. Visitors to hand sanitise after signing in and before entering the main building. Avoid visitors entering classrooms. Social workers etc can meet children in the school hall at a distance of 2 meters apart.
22. Contractors as per visitors. Minimise contractors entering classrooms during the school day, wherever possible.
23. Three people at any one time in the staff room.

<b>Remaining level of risk</b>		Consider level of risk following use of control measures	
<b>HIGH</b>	<b>MEDIUM</b>	<b>LOW</b>	<b>NEGLIGIBLE</b>

<b><u>Identify hazard</u></b>		Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards	
<b>Lack of social distancing between staff members</b> resulting in direct and indirect transmission of the virus			
<b>Existing level of risk</b>		Consider current level of risk	
<b>HIGH</b>	<b>MEDIUM</b>	<b>LOW</b>	<b>NEGLIGIBLE</b>
<b><u>Control measures</u></b>		List your control measures required to reduce risk – add appropriate detail about the type and location of controls	
<ol style="list-style-type: none"> <li>1. Visors must be worn by all adults at all times, except when working alone in school office, HT office or staff room.</li> <li>2. Staff strive to limit close up 1:1 contact with children. Ensure that there is a 'no-child' zone marked around teachers' desks so that children cannot touch items on desks or come near to the teacher when at the desk.</li> <li>3. Masks and visors must be worn in corridors at all times by all adults.</li> <li>4. Supply staff to wear visors and, if required by school staff, masks at all times.</li> <li>5. Photocopier to be removed from school office to corridor outside. Staff to strive to limit visits to the photocopier to once a day.</li> <li>6. Staff do not enter school office unless absolutely necessary. If anyone needs to speak to Miss Smith, stand at the office door.</li> <li>7. Wherever possible, use the phone in HT office, and strive to do this when HT is not in school. If this is not possible, Miss Smith / Mrs Sones to leave the room while a</li> </ol>			

<p>member of staff uses the phone. Ensure the phone is cleaned with anti-viral wipes after use.</p> <p>8. Continue all other social distancing and hygiene measures as outlined in this risk assessment. Pay particular attention to maintaining social distancing from other adults, particularly in the staff room at lunch time - no more than three people to sit and eat lunch. Staff must wash any items used. Staff must use appropriate cleaning materials to clean tables when they have finished eating. Staff must wipe the touch parts of the microwave and kettle after use using appropriate cleaning materials. Face coverings must be worn when not eating.</p> <p>9. All staff meetings to be held by TEAMS. No more than two, socially distanced members of staff in any one space to take part in the TEAMS meetings.</p> <p>10. Staff to carry out asymptomatic Lateral Flow tests twice weekly and report the results online to the NHS and to Mrs Cook for school records. If test is positive, staff to isolate and organise PCR test. If void, a further lateral flow test to be taken, if also void, organise PCR test. Appropriate isolation followed after a positive PCR test.</p>
