Dear Parent/Carer,

We have reached the end of the Spring Term, and it has been tough at times! But it has been wonderful to have the children back at school, learning, seeing their friends and getting back to something that resembles normality.

I would like to thank you for your continued support over what has been one of the most difficult periods for all of us, and all of us at Ferryhill Station Primary School hope you have an enjoyable and restful Easter break.

Mrs. Sones (Temporary Head Teacher)

School Day

Moving into the summer term, we will be continuing with our staggered start and end times, until the Government's plan moves forward and allows us to lift some restrictions in place. By way of a reminder, classes start and end their day as follows:

Nursery: 8.30am until 12.15pm, Monday to Thursday.

Class 1: 8.55am until 3.15pm

Class 2: 9.00am until 3.20pm

Class 3: 8.55am until 3.15pm

Class 4: 8.50am until 3.10pm

Holiday Club – Easter Holidays

The Scout Ed Easter Holiday activities will take place on Tuesday 30th and Wednesday 31st March 2021, at school. Children should arrive at the school for a 9am start. They need to be wearing appropriate outdoor clothing and come with a packed lunch.

Please do not send your child to this activity club if you have not provided the school with a completed consent form. Spaces are now filled.

Attendance

Just a small reminder that attendance at school is now compulsory, and the school will be taking steps to refer matters to Durham County Council if and when the need arises.

Term Dates

Monday 3rd March 2021

Summer Half-Term begins

Saturday 29th May 2021

School re-opens

Monday 7th June 2021

Summer Holidays 2021 begins

Saturday 16th July 2021

What have we been up to?!

This week, children have continued their work around science, inventors and their inventions. Take a look below to see what everyone has been up to!

Nursery have had another busy week. We have spent our time planting seeds, constructing, making Easter crafts, building our own obstacle course & much more!

Class 1 have been coming up with their own inventions to help an injured cow in the story they have been reading this week.

Class 2 Class 2 have been reading Izzy Gizmo and the invention Convention as part of their literacy topic. Izzy was invited to an invention convention to show off her recycling and creative talents. We couldn't believe it when Class 2 were sent a letter to join a similar convention in class on Monday afternoon. There were some absolutely fantastic inventions, including ice-cream machines and cleaning robots!

Class 3 have been experimenting with fingerprints!

Class 4 tested out what ink was used for the ransom notes using chromatography, we tested the viscosity of tomato sauce and we made a moving object using cotton reels, candles and elastic bands! All in the name of science
